“ Jhamir Titus was one of the most inspiring people in my life. He was so good in basketball and inspired me to be better at the game. It's his play style that I adopted into my own game that allowed me to play very well in high school. Jhamir was super talented and funny. It was clear as day that he was going places. Why do all the legends have to die young? I'm very sad to hear this 5 months after the fact.
